# REBELS AND FEDERALS IN STRUGGLE FOR SUPREMACY

## Streets Swept by Shells in Conflict---Business at Standstill. Americans In Danger.

### *Developments in Mexican Situation During Today*

Rebels and federals fighting fiercely around palace, neither having any perceptible advantage.

Three thousand prisoners released from jail by rebels.

Zapatistas arrive to reinforce Diaz troops.

Americans and other foreigners in grave danger from shells.

Apparently futile efforts to have opposing leaders confer, followed by Americans' demand that fighting cease.

United States warships rushing to Mexico's coast and American troops ready to travel.

United States cabinet decides to intervene only in last extremity.

# INTERVENTION IF NECESSARY

AMERICAN WARSHIPS SPEED TOWARD MEXICO—TROOPS ALSO READY

## MEASURES AS PRECAUTION

United States Will Not Stop In Until Absolutely Necessary, Officials Declare

By Associated Press.

Washington, Feb. 12.—The first brigade of the army division, numbering 8000 men, resting on their arms ready to entrain at a moment's notice to board transports for Mexico.

Twenty-five hundred marines from the Atlantic fleet and the Guantanamo naval station, prepared to said for Vera Cruz ot go to the relief of the foreign legation, should they become besieged as they did at Pekin.

Four dreadnoughts of battleshpi fleet steaming at top speed to Tampico and Vera Cruz and two others rushing on the Pacific side to Mexican ports.

President Taft and the cabinet are firm in the determination not to land an American trooper in Mexico unless the most dire necessity forces it.

These are the developments of the day in the attitude of the United States towards the Diaz revolution.

Rear Admiral Badger, in command of the Atlantic Fleet at Guantanamo, will select the two additional battleships which are to hurry to Vera Cruz, Mexico. This was determined upon at early conferences today among officials of the state, war and navy departments.

**Large Force Available.**

The dreadnought Virginia already is steaming to Tampico and the Georgia already is on her way to Vera Cruz. This will make four American battleships on the gulf coast of Mexico. On the Pacific side the Colorado and South Dakota are all ready under orders for Mexican ports and other ships may follow them at any moment.

There will be no less than two rear admirals in Mexican waters ready to direct the movements of the ships speeding to both coasts. The navy will have an effective force of about 6000 men on the gulf and the Pacific side of Mexico, within a week unless there should be fresh demonstrations in Mexico, outside the capital which threatens foreign interests for the American naval commanders are expected to look after European and Asiatic as well as American, the force now under way probably will be regarded as sufficient for the present needs.

**"Sleeping On Arms."**

While preparatory orders have been issued to army officers in charge of the military organizations scattered from New York

(Continued on Page 4)

# CAPITOL UNDER ARTILLERY FIRE

FEDERALS REOPEN BATTLE IN EARLY MORNING—REBELS REPLY VIGOROUSLY

## FOOD IS GETTING SCARCE

American Minister Demands That Firing Cease—Futile Efforts For Peace Conference

By Associated Press.

Mexico City, Feb. 12.—The rebels under Felix Diaz started ed to advance on the palace at 8:45. The rebels seemingly are employing heavier cannon than they did yesterday. They directed their fire toward the national palace and onto the higher buildings in the center of the business district, on many of which federal machine guns are mounted, and federal riflemen are posted.

The federal troops reopened the battle early this morning at 6:35, with a light artillery fire. The action soon became general, all of the artillery on both sides being brought into play. The cannon fire was augmented by sweeping salvos from the machine guns, while the infantry came into action with volleys and individual shooting.

**Americans Penned In.**

Aemricans and other foreigners in the Mexican capintl found themselves today in a desperate situation. Many people who had taken refuge in the more important buildings found themselves penned in while heavy shells tore through walls and roofs.

Neither side gained any perceptible advantage up to noon, when plans for a conference between the leaders of the two sides were taken up for discussion at the national palace. hances for a conference seem diminished, however.

From the Madero point of view, the most serious of otday's developments were the releasing by rebels of several thousand criminals from the city prison, and the arrival in the city of Alfonso Miranda, with a band of followers, who are said to have plotted the wholesale looting of the capital.

**Food Getting Scarce.**

Meantime the scarcity of provisions is causing suffering among the poor. Ordinary food is obtainable only in small quantities and at most prohibitive prices. Those who usually supply the city markets fear now to enter the town. Charcoal, which is used as fuel by 90 per cent of the population has risen from 50 cents to $2 per sack. Groups of women of the lower classes today followed the cavalry scraping up from the pavement, grain by grain, the corn which the horses spilled in feeding.

The United States ambassador, Henry Lane Wilson, and the German Minister went to the national palace this afternoon to demand from President Madero that the battle cease immediately. The British legation was under fire from the rebel position and a battery of federal artillery has been placed close by for protection.

The artillery fire of the rebels from their position at the arsenal extended in several directions Diaz trains his guns in the direction of the British legation shortly after noon in order to reply to the fire of a federal battery stationed there. The rebels strengthened their positions by placing more men and field guns on the Y. M. C. A. building, against which the government troops continued to direct a terrible artillery fire.

It was reported soon after noon that General De La O, the Zapatista leader had entered the city and was working his way toward the rebel position, presumably to join Felix Diaz.

**No Neutral Zone.**

The suggestion of the foreign diplomats that a neutral zone be established is considered unfeasible by the government on grounds that it is impossible to foretell in which direction the action may be shifted. In reality, it is on account of the long range of the cannon, and there is no place in the city which can be said to be safe.

A number of robberies were effected by lawless elements which were emboldened by the withdrawal of police protection. Boys and men took great risks in looting the ruins of houses battered down by the artillery.

**Commerce Paralyzed.**

Commerce has been utterly paralyzed since Sunday. The fronts of all stores are boarded up. A shell tore a hole through the iron shutter protecting the cable office and fell inside. The Portes Hotel and the American Club in both of which scores of American residents and visitors are gathered, are in direct line of the fire. Another shell struck a building in front of the cable office at ten o'clock, ripping away a corne rof the structure.

A fire which started at the Mutual Life Insurance building was extinguished but the building was badly damaged by shells.

Alfonso Miranda, one of the Zapatista leaders, entered the capitol last night with 300 of his followers who are harassing the federal troops at various points. The cable office was again struck by shells. Belem Jail, the famous old city prison has been thrown open by the rebels and from 3000 to 5000 desperate prisoners have been let loose.

# FAVOR SPECIAL TAX FOR SCHOOLS

HOUSE COMMITTEE ON CONSTITUTIONAL AMENDMENTS SUPPORTS IT

## DETERMINE ON DIVISION

Heads of All Institutions Satisfied With Apportionment of Tax as New Planned

Austin, Texas, Feb 12.—The House Committee on Constitutional Amendments favorably reported the Terrell-Haney joint resolution proposing a constitutional amendment to put the State institutions of higher learning upon a solid basis financially. Mr Burmeister will file a minority report Nothwithstanding the boards of various institutions of higher learning supported by the state unanimously indorse the proposed constitutional amendment, the measure will not get through the Legislature without opposition, for Representatives Rowell and Burmeister announced in the committee meeting today that they would fight it, Mr. Burmeister adding that if the amendment should be submitted he would take the stump against it They both contend that the amendment does not give the Agricultural and Mechanical College a sufficient share of the proposed tax as compared with the allotment to the university.

This amendment provides for dedicatement of the A. & M from the university, awards to the A. & M 400,000 acres of university land, and provides that 44 per cent of the 10c tax shall go to the university and 29 per cent to the A. & M

**Favorable to Amendment**

Addressing the committee in favor of the amendment and urging that the same should be adopted were Peter Radford, president of the Texas Farmers' Union, President Mezes of the university, Chairman Peteet of the A & M board, Superintendent of Public Instruction Bralley, Commissioner of Agriculture Kone and Will C Hogg an alumnus of the university and founder of the Hogg fund to promote the interests of that institution.

Associated Press flash.

Mexico City, Feb. 12.—Two Americans were killed in today's fighting near here.

**ARE VOLUNTEERS TO DEFEND THE BORDER?**

By Associated Press

Fort Worth, Texas, Feb. 12.—It was reported here today that Gov. Colquitt has organized secretly a full regiment of Texas companies for emergency service on the Texas border. This regiment is subject to call any minute. Adjutant General Hutchings is commander of the regiment.

# COURT DECIDES FOR HOME RULE

SUSTAINS CHARTER AMENDMENT TO THE STATE CONSTITUTION

## TO PASS ENABLING ACT

Legislature Will At Once Confer Needed Authority Upon Cities of the State

By Associated Press.

Austin, Texas, Feb. 12.—The supreme court today decided that the home rule constitutional amendment was proper and has become a part of the State constitution.

The Legislature will proceed at once to pass an enabling act defining powers of the cities with regard to their charters.

**WICHITA FALLS CHARTER CAN NOW BE SUBMITTED.**

The decision of the state supreme court this morning means that Wichita Falls can now go ahead and vote upon the two charters prepared by the citizens' committee, and the adoption of one or the other will make it effective. The adoption of the charter has been delayed a number of weeks by the indecision which the mandamus suit, brought to test the validity of the amendment, had caused, but this is now removed and it is not expected that there will be any further delay in the adoption of a special charter for this city.

# WOODROW WILSON — NOW "ELECTED"

ELECTORAL VOTE IS OPENED AND CANVASSED IN THE HOUSE

## IS THE LAST FORMALITY

House and Senate in Joint Session Witness Opening of Certificates of the States

By Associated Press

Washington, Feb 12.—The last step preliminary to the formal inauguration of Woodrow Wilson as President and Thomas Marshall as Vice President came today with the opening, verifying and counting of the electoral votes.

The proclamation made as the result of this count in the halls of the House of Representatives will constitute the formal notice to the nation that Wilson and Marshall received a majority of electoral votes.

The certificate of the States were carried to the House chamber in a rosewood box. The House and Senate made arrangements to suspend business shortly before 1 oclock and assembled in the House in "joint convention."

**WIDOW OF CAPT. SCOTT PROBABLY KNOWS FATE.**

San Francisco, Feb. 12.—The widow of Captain Scott probably knows today that her husband was overwhelmed by a blizzard while making his way back from the South Pole.

Mrs. Scott sailed from here Feb 5 in the liner Aorangi, bound for Wellingtin, N. Z It was impossible ot reach her by wireless in daylight hours, but the sending station here believed last night that the Aorangi was in range and sent messages

The messages must have been received but the Aorangi's feeble sending apparatus, which has a radius of only abiut 300 miles, permitted of no acknowledgement that could be caught either here or at Honolulu.

# PROGRESSIVES IN THE SADDLE

ADVANCED IDEAS IN LEGISLATION ARE CONSIDERED AT AUSTIN

## VIEWS ON REDISTRICTING

House May Not Agree With Senate's Attitude—Women's Rights Question Is Pending

Special to The Times

Austin, Texas, Feb. 12.—Besides the enactment of drastic regulatory liquor measures, the legislature is asio determined to have passed some of the most advanced ideas to which the Democratic party has become imbued during the past few years. This is considered by their advocates in line with the progressive spirit of the day By the action of the senate in the adoption of the joint resolution ratifying the proposed amendment to the Federal constitution by a direct vote of the people, Texas is one of the first in the Union to take such action Now it is practically certain that the joint resolution proposing an amendment to the constitution submitting to a vote of the people the initiative and referendum, will also be adopted and the matter put up to the people. The senate last evening passed this resolution to engrossment, which means that there will be no further opposition to its passage in that body. The original resolution, however, as introduced by Senator Vaughan and others, provided that upon a petition of 8 per cent of the qualified voters of the state filed with the secrtary of state, an election may be called to initiate, refer or reject any measure This was, however, changed to 20 per cent.

**Constitutional Convention Question**

Representative Humphrey is not in record with the governor on the question of the calling of a constitutional convention. The governor has let it be known that he is opposed to the joint resolution proposing the submission of the question to a vote of the people, while Mr. Humphrey is now engaged in the preparation of a statement in which he will give numerous reasons why there should be held a constitutional convention. He will point out that the conditions under which the present constitution was adopted in 1876 have undergone radical changes, and that the present organic law of the state is wholly inadequate to meet the needs of Texas as it stands today.

Members of the house are closely scrutinizing the congressional redistricting bill which has been agreed upon by the majority of the senate. It develops that the bill is not entirely to their liking, and when the senate passes this bill and sends it to the house for action it may undergo a radical change. In the meantime the house committee on judicial districts has referred all of its bills bearing on the subject to a sub-committee, and it is now at work in an effort to get a bill that will be satisfactory to the majority of the house Copies of the senate bill have been obtained by members of the house, and these are being compared with some of those pending in the lower branch. This sub-committee is expected to soon reach an agreement when the whole committee will meet and report a bill There are several aspirants in both branches of the legislature for legislative honors, which has increased the interest in this matter.

**Women's Bill in Senate**

The bill giving married women the exclusive management and control of their separate real and personal property, which has already passed the house, has been advanced to another state in its legislative pilgrimage, having received a favorable report from the senate committee on judiciary. It is understood that the senate will make no effort to pass its bill on this subject, but will substitute the house bill, therefor This bill, however, is destined to some more amending when it is taken up next week for consideration in the senate as there is some opposition to its enactment by certain members of the senate The bill in its present stake is satisfactory to Mrs Hortense Ward and the other ladies who have been advocating its passage in the legislature

Through the efforts of Representative McAskill, several amendments have been inserted in the committee substitute anti-fee bill originally introduced by Representative Davis of Dallas. It will be recalled, Mr McAskill had a bill pending the house which provided that county commissioners shall be paid a salary of $2400 a year instead of pushing this bill, its author presented it as an amendment to the agreed fee bill which was acceptable and it was incorporated in the fee bill This feature applies however to counties having a population of 100,000 or over This amendment was also favored by the committee on state affairs and becomes a par tof the bill Another

(Continued on Page 2)

**TURKEY ASKS FOR INTERVENTION.**

By Associated Press

London, Feb 12.—The Turkish government today formally requested Sir Edward Grey to invite the European powers to intervene to stop the Balkan war.

The request was communicated to the ambassadors here. They will meet Friday to report the result.

## *Says Railroad Strike Is Wall Street's Plan To Frighten Wilson*

By Associated Press.

New York, Feb. 12.—W. S Carter, president of the Brotherhood of Locomotive Firemen and Enginemen, amplified today his statement of yesterday that the railroads were determined to "put fear into the heart of Woodrow Wilson" by a great strike as a means of securing higher freight rates and added that in his opinion, Wall street was responsible for the situation.

# AMERICAN CONSUL HAS CLOSE CALL IN MEXICO

Shanklin Breaks Down Two Doors While Building Is Under Fire and Gets Away

By Associated Press

Mexico City, Feb. 12.—The escape of Consul-General Arnold Shanklin and his staff from the American consulate building during the seven hour battle between the federal troops and the rebels, in the streets of Mexico City yesterday, was a sensational one.

Mr. Shanklin broke down two doors and was thus enabled to pass into and through an adjoining building and to make his exit on a cross street which was at the moment free from rifle fire. The consul-general and his staff carried with them a wounded man who had been brought into the building for temporary treatment.

# THREE NEW BRIDGES TO BE BUILT BY COUNTY

The county commissioners awarded a contract for the construction of three new bridges this afternoon to M. F. Leonard of Bowie, for a total consideration of $3899. The bridges include a hundred foot span across Plum Creek north of town, a 50-foot span across Tenth Cavalry Creek in Commissioner Eeds' precinct and a 40-foot span across Gilbert Creek between Wichita Falls and Burkburnett.

The court adopted an order today declaring that the county would not be responsible for accounts for supplies unless the orders for such purchase were countersigned by a member of the commissioners' court, and also that all officers and employes of the county must furnish the court with a requisition for all the supplies needed during the month at each monthly session of the court.

The purpose of the order is to prevent the indiscriminate purchase of supplies of officers and employes of the county.

# NEGRO'S WOUNDS FATAL, AFTER CUTTING AFFRAY

Otis Cottrell, the negro stabbed Monday afternoon by Finis King, another negro, during an altercation in a barber shop in the flats patronized by negroes, died at eleven o'clock this morning. Cottrell was cut aroce the left side of his neck and in his left side.

King ran to the court house after cutting Cottrell making the distance from the scene of the affray to the sheriff's office in exactly three minutes. He still carried the blood-stained knife opened in his hand when he appeared before a deputy sheriff A charge of murder will now be filed against him.

**COLQUITT DENIES HE IS ORGANIZING A REGIMENT.**

By Associated Press

Austin, Texas, Feb 12.—Gov Colquitt today emphatically denied that he had under his supervision a regiment of Texas companies for emergency service along the border There is absolutely no basis for the statement, he said.

# EVIDENCE WILL START THURSDAY

NINE JURORS ACCEPTED IN TRIAL OF SNEED AT VERNON

## NEW VENIRE IS ORDERED

Beach Epting, Who Will be Star Witness for State, Arrives at Scene Today

By Associated Press

Vernon, Texas, Feb 12.—Lawyers in the trial of John Beall Sneed spent this morning preparing for examination of fifty new veniremen who reported this afternoon. Beach B Epting, who will be the state's star witness, arrived this morning, as did Will Boyce, the Amarillo lawyer and brother of Al Boyce

Testimony is expected to begin Thursday.

**List of Jurors Selected.**

The jurors already obtained are:

I. M. Collier, farmer, 56 years old, born in Texas, married.

W. H Rich, a farmer, 47 years old, raised in Wise county, married and has eight children.

F. M Hall, farmer, 36 years old, married, native of West Tennessee

J. M. Edwards, farmer, 28 years old, married and has three children, born near Murfreesboro, Tenn

C. L. Green, assistant bank cashier, of Vernon, 23 years old, married eleven months.

P. H. Barrett, farmer, 38 years old, born in Falls County, Texas, married and has three children.

M. Rainwater, farmer, 36 years old, married, born in Kentucky, member of Missionary Baptist church.

T. Bunker, 30 years old, farmer, married and has children.

J. P. Adderholdt, 42 years old, farmer, married and has four children; formerly lived in Williamson county.

T. Bunker, the eighth juror, said he had formed an opinion and was excused. The defense said it would take him also. He was sworn in. Each side seemed to be anxious for this juror.

**Make Rapid Progress.**

The attorneys wasted little time in wrangling Both sides seemed anxious to obtain a jury and get started on the evidence. District Attorney Spencer conducted the examination of veniremen for the State during the greater part of the day. Judge Fires conducted the examiantion for the defense, assisted at times by William McLean and Harry Mason. At the present rate the trial will be finished by the end of next week.

As at former trials all veniremen were examined closely concerning the unwritten law. Many said they knew nothing about it; others said they believed a man justified under certain circumstances in avenging a wrong to a female relative

# AMUNDSEN PREPARING FOR NORTH POLE TRIP

Will Sail From San Francisco—Aeroplane and Wireless Telegraph to Be Carried

Madison, Wis., Feb. 12.—Captain Roald Amundsen, discoverer of the south pole, made public further details of his projected north pole trip in a statement:

"From San Francisco the Fram will sail north," he said, "heading for Behring Straits and in the breakup of the ice beyond them next spring we shall push in as far to the drifting ice field as possible When we can get no farther we shall establish ourselves, protect the ship by building an ice wall around it and settle down for our five years drifting

"We shall be equipped with a high power wireless plant and with the peculiar arctic adaptability to the etheric vibration we can doubtless maintain communication with the United States government stations in Alaska for some time, possibly two years

"Should the drift not carry us directly to the pole, it would be a great disappointment, but to guard against this I may take an aeroplane along I know nothing of any sort of aviation, but when my desire becomes known, I hope some aviator will volunteer to accompany the Fram in make the final dash to the north pole with me"

# STANDARD OIL OUSTER FROM MISSOURI UPHELD

Jefferson City, Feb. 12.—The Missouri supreme court today refused to modify the judgment of ouster against the Standard Oil Company and the original order ousting the company from the State now stands.

# FOUR YEARS FOR EXPRESS AGENT

RINGGOLD MAN FOUND GUILTY FOR THEFT OF PACKAGE OF DIAMONDS

## TO FACE OTHER CHARGES

Will Also be Tried for Cashing Money Orders at Other Texas Points —Trial at Montague

C. H. Sturdivant, agent here for the American Express company, has returned from Montague where he attended the trial of W. E. Marsh, former agent at Ringgold who was given a term of four years yesterday for the theft of a package of diamonds shipped to Ringgold by a Gainesville jeweler.

Marsh is also under indictment for cashing fraudulent express money orders at Dallas and Fort Worth and for the theft of diamonds at Houston.

It will be remembered that Marsh ordered two thousand dollars worth of diamonds from J. L. Art here to be shipped C. O. D. to an address at Ringgold, also ordering a consignment to be shipped from Gainesville to the same address at the same time. Mr. Art shipped a phoney package and notified Mr. Sturdivant here, but the Gainesville jeweler filled the order. Marsh was not suspected of connection with the plot and made his get away. It subsequently developed that he had cashed fraudulent money orders at Fort Worth and Dallas and had worked the diamond game on a Houston jeweler. He was arrested in New Orleans while attempting to cash an other fraudulent money order.

No facts in connection with Marsh's past beyond his appearance to take the position of express agent at Ringgold were developed at the trial. He had been agent there only a few weeks when he stole the diamonds.

At his trial he refused the urgings of his attorneys to plead for clemency accepting the verdict apparently without feeling.

He will next be taken to Fort Worth for trial on the charges there.

The diamonds and nearly all the money received on the fraudulent money orders were found in Marsh's possession when he was arrested in New Orleans.

# PROGRESSIVES IN THE SADDLE

(Continued from Page 1)

amendment annexed to the fee bill, through the efforts of Mr. McAskill was that the salary of the chief deputy clerk shall not receive less than $1800 a year and sub-deputies, $1500 a year and other deputies not over $1200 a year. This latter provision shall apply to counties having 37,500 population or over. The bill is scheduled to become operative on December 1, 1914. The county officials affected, in the majority instances, are satisfied with the present bill.

**Money for Penitentiary**

There is now $100,000 available for the immediate needs of the penitentiary system, the governor having signed the bill passed by both branches of the legislature. This relieves the situation at the penitentiary, as the bill carried the emergency clause.

Representative Hill of Walker county, who is the author of the bill, said that this would carry the system over until the legislature takes action on the measure now pending for the issuance of bonds to rehabilitate the system and place it on a sound financial basis.

He has now introduced a bill in the house providing for an indeterminate sentence which bill is exactly the same as that introduced yesterday in the senate by Senator Weinert. Mr. Hill has had considerable experience with the system at Huntsville and understands the needs of that institution.

The resolution of Senator Lattimore to investigate the system has about been dropped, although it has not been formally disposed of by the upper house.

Senator Collins announces that his bill providing for the taxing of mineral leases will be considered at an open hearing on Monday, February 17 before the senate committee on mining an dirrigation. This is quite an important measure, especially to persons engaged in mining in the western section of the state and also to those persons holding mineral leases in the oil fields of East Texas.

**No Need To Stop Work**

When the doctor orders you to stop work it staggers you. "I can't," you say. You know you are weak, run down and failing in health day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent break down and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at all druggists.

# OIL PRICE REGULATION PROPOSED IN OKLAHOMA

Meeting of Corporation Commission is Set for This Afternoon to Conduct Hearing

Oklahoma City, Okla., Feb. 12.—The magnitude of the fight now being waged by the pipe line companies and the natural gas concerns operating in Oklahoma was realized in the fullest extent yesterday when it was announced here that the Corporation Commission has asserted the right to tentatively regulate the price of crude oil in this state.

The Commission has adopted a set of "orders, rules, regulations and requirements," one of which is considered vicious in the highest degree—that which would give the commission the authority to fix the price which pipe line companies shall pay for crude oil.

It is believed the Corporation Commission ruling originated in the offices of the gas monopoly as a result of the opposition shown by the oil men to the proposed measure now before the legislature to compel the capping of all oil wells showing a gas production before the oil is brought to the surface. It is also claimed by many that the gas interests are attempting to enlist the support of the independent producers against the pipe line companies to which they must sell their product.

It is believed, also, that the bill providing for the capping of all oil wells showing a gas production, was fathered by the natural gas interests. This impression has reached the minds of the independent producers who will suffer mostly from a law of this kind, and they are preparing to fight the measure to the finish.

The notice sent out by the Corporation Commission calling attention to Wednesday's meeting is as follows:

"To All Corporations, Persons or Firms Engaged in the Refining or Sale of Petroleum and Its Products Within the State of Oklahoma.

"You are hereby notified that on the 12th of February, at its office in Oklahoma City the Corporation Commission will hear any objections which may be made to the following order, rule, regulation or requirement:

"All corporations, persons or firms manufacturing or selling refined petroleum and the varius products manufactured from crude petroleum within the State of Oklahoma shall sell the various grades thereof for a reasonable price within the State of Oklahoma. That there shall be no difference in the price in the different parts of the State except the difference in cost of transportation and distribution. That in no case shall the price of the products of manufactured petroleum be advanced without a corresponding advance in the price of the crude oil.

"You are further notified that in the consideration of the above order, the Commission will hear:

"First. Does any corporation, firm or person, or combination of corporations, firms or persons, have a virtual monopoly on the sale and distribution of oil within the State of Oklahoma.

"Second. The price of crude oil in Oklahoma as compared with similar grades of crude oil in other sections of the United States. Also the price of refined products as compared with refined products in other States.

"Third. The average cost of refining or manufacturing 1,000 barrels of crude oil.

"Fourth. The various products that are manufactured from crude oil.

"Fifth. The price now received from the various products of such manufacture; and the cost of distribution.

"Sixth. If refined petroleum and gasoline are advanced one cent per gallon, how much per gallon should crude oil be advanced.

"CORPORATION COMMISSION. J. E. Love, Chairman; A. F. Watson, Commissioner; G. A. Henshaw, Commissioner. Attest, J. H. Hyde, Secretary."

# FELT BAD ALL THE TIME

**Shellhorn Lady Suffered a Great Deal, But Is All Right Now.**

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die.

At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well.

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

Your druggist sells it. Please try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## Only Four Days More of The Big White Sale

**Wednesday, Thursday, Friday, Saturday**

At 10 o'clock Saturday night our big sale of White Goods and Undermuslins will pass into history and record the greatest and most successful white event from every viewpoint that this city or Northwest Texas has ever known. A sale of white summery goods in midwinter could never be a success unless the price savings were made so plain and emphatic that the people could not doubt the wisdom of anticipating their future needs. This sale has distributed throughout the city and surrounding territory thousands upon thousands of yards of white goods, laces, embroideries and thousands of the dainty and substantial ladies' muslin undergarments at prices affording substantial saving. A fact quickly recognized and thoroughly appreciated by the buying public. But four more days remain in which to avail yourself of the wonderful white bargains. Big purchases of white merchandise made by our buyers in the markets and arriving every few days has kept the stock full and sparkling with newness. The next four days will be a whirlwind windup of this marvelous money-saving event. Bargains will hold high carnival each striving to overshadow the other in importance and attractions. Take in this four days matinee of continuous performance and mingle with the crowds of enthusiastic buyers.

# Stand Fast by CALUMET

No matter what the grocer says, don't take a substitute for Calumet. Insist on Calumet—and get it. For Calumet is the only baking powder that guarantees success in every baking.

Millions of critical cooks everywhere use Calumet exclusively for that one reason—its certainty of good results. Why not use Calumet yourself, and always be sure that every baking of yours will be a success?

You'll find Calumet the purest, the most uniform in quality that you ever had in the kitchen. And the very first can will delight you. For bakings of every kind come from the good old cook-stove lighter, tastier and fluffier—delicious and evenly raised.

Buy a can of Calumet today and test it. The first baking will show you why Calumet

Received Highest Award at the World's Pure Food Exposition

## REMAINING DEFENDANTS WILL BE RE-INDICTED.

Washingtin, Feb. 12—Remaining defendants in the cotton corner case probably will be reindicted by the department of justice to cure what is regarded as a flaw in the pending indictments.

Patten's plea if guilty was by agreement with the government. Attorney General Wickersham consented tl the arrangemetn because if the supposed error in the indictment which, while charging a conspiracy to buy up cotton, omitted the allegation of withholding it from sale Solicitor General Bullitt admitted in the supreme court that the indictment was probably faulty. Three justices of the supreme court in a dissenting ip inin on the lower court justices also had declared the indictments faulty

## DR. FRIEDMANN IS COMING TO AMERICA.

Berlin, Feb. 12—Dr. Friedrich Freidmann, discoverer of the alleged remedy for tuberculosis, will sail for New York February 18 on the Kron Prinzessin Cecelie.

Dr Friedmann, who could not be found yesterday, returned to Berlin today. He declared he had been at Frankfort on the Main and had handed over his remedy to Dr. Paul-Ehrlich, who will make experiments with it at the government institute of experimental therapeutics.

### Extend the Scope.

The doctor's new discovery,
Must win our praise.
For it can mend a fractured leg
In four short days.

The cost of living, problem grim,
Will soon be nil,
If it can mend as fast as that,
A broken bill

And lovers need no longer fear
Dan Cupid's dart,
If it will only quickly cure
A broken heart

And all the world of saintless
Will be assured,
If fractured resolutions soon
May thus be cured

—McLandburgh Wilson.

## LENTEN TEA WILL BE GIVEN TOMORROW AFTERNOON

The ladies of the Guild of the Church of the Good Shepherd will give a Lenten tea tomorrow afternoon at the Mackechney home at 904 Bluff street and the affair is looked forward to with much interest by the members of the congregation.

## YOUNG LADIES SEWING CLUB MEETS WITH MISS GORSLINE

Miss Esther Gorsline was hostess to Tuesday afternoon's session of the sewing club recently organized by a number of young ladies The afternoon was spent in fancywork and other feminine diversions, concluding with a dainty refreshment course Those present were Misses Eddie Carver, Vivian Mathis, Carrie Kell Mebel Simpson, Agnes Reid, Lillian Avis, and Kathryn Wilson.

## TUESDAY BRIDGE CLUB IN SESSION WITH MRS. MAER.

The Tuesday Bridge Club met Tuesday at the home of Mrs. W. N. Maer in Floral Heights, where a very enjoyable session was held. There were three tables and the favor for high score, a guest towel, went to Mrs. O. T. Bacon. The hostess was assisted by her mother, Mrs. J. A. Kemp. The refreshment course included devilled crabs, coffee and cake. Those present were Mesdames Duke, Jones, Hampton, Little, Sheppard, I. D. McKee, Mike Walker, T. W. Roberts, Bacon, Stanliorth, Misses Lucile Sherrod and Ruth Christal.

## MR. AND MRS. THATCHER ARE TENDERED FAREWELL PARTY

In honor of Mr. and Mrs. T. C Thatcher, who leave tomorrow to make their home in Oklahoma City, Mr. and Mrs. T. J. Taylor entertained Tuesady night at their home. Forty-two was the diversion and at the conclusion of the games, light refreshments were served. Those present were Messrs. and Mesdames T. C. Thatcher, A. Zundelowitz, Ed Howard.

The meeting of the Art Literature Club which was to have been held yesterday afternoon was postponed on account of the weather and the illness of several members.

Miss Aileen Waggoner left today for a visit to friends in Georgetown and Austin.

Miss Cleo Allison returned to St. Louis early in the week, after a pleasant stay with Miss Lillian Avis.

Mrs R. E Clopton has returned from New York. Miss Mabelle Clopton stopped in Fort Worth with friends for a few days.

Mrs. Frank Kell is visiting in Dallas.

Miss Jewel Kemp returned this afternoon from Fort Worth.

Mrs. Slager of Fort Worth, who has been visiting Mrs. Ed Cobb, has returned home.

A valentine party will be given tomorrow evening at the I. O. O. F. hall, at which all Royal Neighbors will be expected. tl is given by the losing side i nthe recent contest to the winners. All are requested to bring valentines.

## OIL FIELD NEWS

The Sun Company is preparing to drill in its No. 1 on the Crow-Cross lease, in the 1050 sand, which is showing for a small well. This is this concern's first production, though it has considerable acreage under lease.

J. E Head has been having hard luck with the wells he is drilling, and he tells it that his Borchldt No. 3, which was 1085 feet two weeks ago, is now only 1080 feet, there having been a bad cave. The Warren well has been cleaned out, and is making fifty barrels, and Mr Head is figuring on another well on this tract. The Interstate well on the Kierst, another Head well, is down 1225 feet

Two completions are due at Petrolia shortly, being Developers No 4 Producers No 11 Byers. Both are said to look like producers.

# BURGLAR UNDER BED, CAPTURED

### COFFEYVILLE MAN HAS UNPLEASANT EXPERIENCE WITH INTRUDER

## TURNED OVER TO POLICE

### Occupant of Room Lies Awake Nearly an Hour, Knowing Man Was Under His Bed

To lie in bed for nearly an hour, knowing that a burglar was under the bed, was the early morning experience of C. E. Wilkins, a carpenter who rooms on Scott near the corner of Eighth, who captured the intruder and turned him over to the police

Wilkins came here recently from Coffeyville, being employed in the construction of Ball Brothers plant just west of the city When he retired last night he placed his trousers under his pillow, as was his custom, then went to sleep He was awakened by the sensation that someone was trying to pull the trousers from under his head and he was able to ascertain that the pulling power was located under the bed

"It's time to get up," he called to his room-mates, to let the intruder know that he was awake.

"No, it's early yet," the others answered. Then for three quarters of an hour, Wilkins lay awake in bed, waiting for Mr. Burglar's next move. The man under the bed, believing Wilkins asleep again, renewed his attempt to remove the trousers Wilkins then awaken the others, had the light turned on, and armed himself with an iron level which was near the bed. The burglar was then invited to come out, which he did, offering no resistance when the men called Policeman Somerville and turned the youth over to him.

At the police station the intruder gave his name as Jasper Spivey. He was later transferred to the county jail

## SENATE WANTS TO KNOW ABOUT NOTED ORDER.

Washington, Feb. 12—The Poindexter resolution, calling upon Secretary MacVeigh for a full statement of his reasons for issuing "Treasury Order No. 5" for the deposit of customs receipts in national banks was passed by the senate after a short debate.

The order was issued January 9, and has been attacked on the ground that it would allow an undue concentration of government funds in New York banks.

**Why Cheap Canned Goods Are Not Economical**

PHONES 432 and 232

THE BEST SERVICE

In the first place it is impossible for the packers of canned fruits and vegetables to give the care and attention to the selection and preparing of the raw materials that goes into the cheaper brands than they give to their better brands.

They could not afford to pay the price asked for the best quality of fruits and vegetables to put under these cheaper brands, even the labor has to be skimped in order to produce a cheap quality of any kind of fruit or vegetable and the result is always a rather unsatisfactory and often an entirely unuseable product. Such canned goods can never be guaranteed. You always take a chance of loss when you buy such foods whereas in such brands as my Cream of Orchard and Blue Label in which I carry many different kinds of fruits and vegetables, the quality of the raw material is the best that is grown. Every piece is carefully selected and the greatest care and skill are used in preparing and packing. Every can is guaranteed to be perfect in every respect. You never take a chance of loss, the fruits and vegetables are always high class food quality and there is always extreme satisfaction in eating them. Here is a list of the more popular kinds of fruits and vegetables with prices and I will make you a special price on dozen or half dozen lots.

Cream of Orchard Fruits, Peaches, Pears, Apricots, Plums, Cherries and Grapes all, each ..... 35c
or 3 for ..... $1.00
Blue Label Vegetables, beets, peas, corn, succotash, tomatoes and lima beans.

Entered at the Postoffice at Wichita Falls as second-class mail matter

Wichita Falls, Texas, Feb. 12, 1913

505 WICHITA FALLS 505

That negro preacher up in Iowa who is denouncing the legislators in some states for favoring a law that will prohibit the intermarriage of whites and negroes, shold be given a free ticket to some Mississippi town of about thirty white inhabitants. He might have another notion about such matters, provided the opportunity was given him.

Waco has just voted favorably on an issue of $245,000 worth of binds $120,000 of which is for betterments of school buildings. That is what Wichita Falls ought to do. Another school building, to be constructed in the fast growing factory district and an eight room two story structure on the Thirteenth street school grounds are contemplated by the school board, and it will require an additional bond issue to make these improvements. The increased taxable values will amply take care of that amount of additional bonds without increasing the tax, and that being true, there is no need of delaying the matter longer than it is necessary to bring about the election in a legal manner in order that the bonds may be voted, issued and sold and the buildings erected in ample time to be used for the fall term of school.

Notwithstanding that smallpox is raging in nearly all towns in Oklahoma and many deaths have resulted from the disease that State has had the nerve to quarantine against this city, where not a death from small pox has yet been recorded though there are a few cases, but the disease is of a very mild form. At Hugo, Okla., out of fifty-six cases o smallpox, thirty-six deaths were reported up to Sunday. No one in this city seems to have any fear of the disease and from reports of physicians there are not near so many cases at this time as there were a month ago, showing that the authorities have the matter well under control and further spread of the disease is not feared. There was little or no cause for Oklahoma to quarantine against Wichita Falls. Considering that the disease is much more prevalent and of a more violent type in that State than it is here now, or in fact ever has been. There must have been some other motive for the action, but just what it was is difficult for the people of this city to understand.

### RAILROAD OFFICIALS SUGGEST DISCRETION.

Washington, Feb. 12.—Railroad officials were heard before a senate committee on the LaFollette-Adamson bill to have the interstate commerce commission make a physical valuation but wanted to see the bill improved.

Frank Trumbull, chairman of the board of the C. & O. and also of the M. K., & T., and Union Pacific, suggested that instead of requiring the interstate commerce commission to inquire into the original cost of a road as basis for its value, the commission be allowed to exercise discretion. He said it would be impossible to get at the original cost of some railroads.

### THREE FIGHT PUGS ARE NOW DEPUTY SHERIFFS.

New York, Feb. 12.—Kid McCoy, (Norman Selby), the most married living pugilist; Mike Donovan, athletic instructor at the New York Athletic Club, who boxed with President Roosevelt at the White House and Jack Goodman, were sworn in as deputy sheriffs by Sheriff Harburgar recently.

"In these three men," said the sheriff, "I have a force that can stop almost any sort of disorder without resorting to the use of firearms."

Some surprise was caused by the appointment of McCoy as deputy, because of his numerous clashes with the law, in various quarters in the last few years.

### PROGRAM FOR SATURDAY'S TEACHERS' INSTITUTE

Following is the Teachers' Institute program for next Saturday at the High school, commencing at 10 a. m.:

First Hour—"Genetic Philosophy of Education," Chapter XI, Miss Kate Haines, Miss Zihlman; Chapter XII, Miss Gordon, Miss Oliver; Chapter XIII, Miss Ball; Chapter XIV, J. B Jones.

### Causes Much Disease

Advice about Stomach Troubles and how to relieve them.

Don't neglect indigestion, for it may lead to all sorts of ills and complications. An eminent physician once said that ninety-five percent of all ills have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be one of the most dependable remedies known for indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. Rich in Pepsin and Bismuth, two of the greatest digestive aids known to medicine, the relief they afford is very prompt. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders.

Rexall Dyspepsia Tablets help insure healthy appetite, aid digestion, and promote nutrition. As evidence of our faith in them, we ask you to try them at our risk. If they do not give entire satisfaction, we will return the money you paid us without question or formality. Three sizes, 25 cents, 50 cents and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

FOOSHEE & LYNCH

Wichita Falls The Rexall Store Texas

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.

The fate of John Purnell, negro, charged with the murder of Henry Branch, negro, will rest with the jury at 4 o'clock this afternoon. That is the hour agreed upon for the closing of the arguments. The case has been on trial for three days. Self-defense has been Purnell's plea.

## INTERVENTION IF NECESSARY

(Continued from page 1)

to Georgia, the result of these orders will be not to start the troops in movement, but to put them "sleeping on their arms" for the signal to take train or ship for the south. All these measures are merely precautionary, because all officials here, from President Taft down see, as yet, no ground for intervention.

Fighting in the heart of Mexico City, endangering thousands of lives, is looked upon with apprehension, but army men and students of international law say this condition may be justifiable if the Madero government finds it necessary to fight for its own existence.

### DISTRICT ATTORNEY IS ALLOWED TO CARRY PISTOL.

By Associated Press

New York, Feb. 12—Renewed threats against the life of District Attorney Whitman because of his activity against police grafters have caused him to carry a revolver. Permission was granted him to go armed today.

## OFFICIALS HOLD FAMILY DINNER

CITY AND COUNTY OFFICE-HOLDERS IN BANQUET AT NOON TODAY

## TO BE HELD QUARTERLY

Judge Martin and Mayor Bell Are Speakers and Enjoyable eRpast Is Served

District, county and city officials joined in a big family dinner at the Westland hotel today at noon in the first of what is to be a series of "get-together" luncheons. There were exactly a double dozen guests with their feet under the big table (not pie counter) and the excellent menu received the fullest justice.

County Attorney B. M. Stein of Clay county came into the dining room during the luncheon and accepted an invitation to sit at the dinner table and in response to an invitation made a speech very complimentary to Wichita Falls and Wichita county.

Before the banquet was finished a motion was made which met with unanimous approval that a joint luncheon be held every quarter during the season of the commissioners' court.

### Felder is Toastmaster.

Judge Felder was toastmaster. He said that this was the first luncheon of the kind ever held in Wichita county, so far as he knew, and that he hoped it would result in a better mutual understanding. He introduced Judge P. A. Martin who briefly discussed the responsibilities of officials generally. He declared there was not an office in Texas that will pay what the real service is worth, that is, if the official gives conscientious and efficient service, and that no official could serve a long term in office without coming out poorer than when he went in, if he had to depend upon the emoluments of his office alone. "The people of Wichita county," he said, "have a right to demand that their officials be above suspicion, and a deviation from the path of duty by an official will have more far reaching results for ill than such a deviation on the part of a private citizen."

### Mayor Bell Speaks.

Mayor Bell when called upon said that Wichita Falls was a part of Wichita county and proposed to do its duty to the whole county and to the State of Texas. Wichita Falls, he said, wanted to go ahead a little faster than the rest of the county, and for that reason was seeking a wider measure of local self-government. He said Wichita Falls wanted and expected the same measure of help and the same credit for honesty of motive and purpose that she gave to the rest of the county.

County Commissioner R. L. Eeds for the county and Councilman John W. Bradley for the city emphasized the same sentiment fo rthe divisions they represented.

Those present were: Judge P. A. Martin, District Attorney Edgar Scurry, and District Clerk A. F. Kerr, Councilman M. J. Gardner, City Secretary A. H. McCarty, Commissioner J. A. D. Smith, City Judge Edgar Rye, Chief of Police R. V. Owinn, Councilman Reed, Councilman Young, County Judge C. B. Felder, Mayor Bell, County Assessor John Robertson, County Tax Collector Harry Daugherty, City Attorney Bonner, County Superintendent R. M. Johnson, Commissioner J. P. Jackson, County Attorney T. R. Boone, Commissioner R. L. Eeds and Deputy County Clerk J. W. Walkup.

# LOCAL STARS TO SHINE IN MINSTREL OF ELKS

**Everything Will be New and Up-to-Date—Monday and Tuesday Next Week**

When the Elks do things they are usually done up right and going along these lines the public can feel assured that the Minstrel Extravaganza to be put on by them on next Monday and Tuesday nights will be one of the real events of the season. Mr. Sapp, the director who is putting the talent through the paces is delighted with the way the work is progressing and finds the local stars above the average talent found in many cities.

The grand first part is to be a veritable feast of music and song and the director promises that there will be no "Why Did the Hen Cross the Road" to bore the audience, as everything is new and novel.

The scenery carried for the production is right in keeping with the show and the entire cast will be arrayed in gorgeous purple and white satin costumes.

The second part will be several classy vaudeville acts, one of which will be put on by Mr. Sapp assisted by Wade Hampton one of the local minstrel kings. Mr. Sapp is an entertainer of no mean ability and their act will be one of mirth and melody. Claude Woods, the old favorite is going to deliver a pulse

Hill and Griffin, two of the Headliners.

quickening monolgue talking mostly about his friends and relatives.

Nine black face artists will put on a sketch entitled "The Blackville Police Court" which is a scream from start to finish and with Bonner as Judge "Soakum" several of our local men may be sentenced to a life term. It would take up too much space to tell of all the good things to be seen in this show, but don't forget the dates Monday and Tuesday of next week.

### ADELAIDE THURSTON IN NEW PLAY "THE LOVE AFFAIR."

Adelaide Thurston, who will be remembered among our theatregoers as a splendid comedienne is announced for tonight at the Majestic. Miss Thurston will present for the first time in this city a new and original comic play of today "The Love Affair" by Frederick Paulding, author of "The Woman's Hour." It is said to be one of the best efforts of this successful playwright and written especially for Miss Thurston, as Mr. Paulding was her leading man and director and has spared none of his energy and his stage experience to fit this charming star with a play that will provide her with all the requirements due to her wonderful personality and charming acting that has classified her as one of the few stars that always make good with her audiences.

An adequate cast and a splendid production is promised by her manager Francis X. Hope.

The day is past when cotton flannel passed without comment for royal robes and when the regular "drawing room set" with an armchair on a raised platform was a perfectly satisfactory throne room. The costuming and mounting of a play at the present day frequently costs the producer more than does the paly itself, even when it is the work of a noted dramatist. One of the best examples of the expenditure of money combined with good taste is found in "The Love Affair," Frederick Paulding's clever comedy in which Adelaide Thurston will be seen at the Majestic tonight.

Mary Bishop and her family and associates are persons of wealth and refinement living in the most extravagant year of the world's history, 1912. To represent these persons and their surroundings in an appropriate and convincing manner, the gowns of the women must be made by the most expert and expensive New York or Paris dressmakers and their home provided with the thousand-and one indispensable and costly trifles that mean so much to persons of taste and culture. We are told that Francis X. Hope has provided all of these present day necessities with prodigal disregard for the expenditure of money, and, in consequence, we are promised a typical Broadway production several months before it reaches Broadway.

### OPERETTE "MERRY WIDOW" TO BE HERE FEBRUARY 20.

An operetta is a comedy with appropriate, indigenous, musical accompaniment. It is distinguished from musical comedy, because the latter is generally a dramatic and musical crazy quilt. Now we know all about it, and therefore we know more than the average American author or composer or that rare affair, one who is called on the program a librettist.

This may be a vigorous, intolerant position to assume; but the announcement that "The Merry Widow," the queen of the Viennese operettas, will be offered by Mr Henry W. Savage at the Majestic February 20 puts a lot of musical stiffening into one's spine, and causes the reflection that after all the American composer has had his lesson and either won't or is unable to benefit by it, most probably the latter.

When "The Merry Widow" was first produced in this country the public said, "Amen, let us have more such," and they turned down their thumbs and were stubborn about it. But the American composer, since he knew only such things, kept on at his tunes, backed by his treasurer, the song publisher, and proceeded with the usual operations of shoe horning a ditty into a farce comedy where a stage wait might have been. Every day sees him working closer to the has-been's wreath of sour grass. It is not imbecility it is helplessness

**This House is Disinfected Every Day**

So, welcome "The Merry Widow" again. She has done us a world of good. She has driven the "professor of the pianoforte" back to work. Of course, in her train came many so-called Viennese operettas. That was sure to happen. Every regimental band leader in Europe had stuff in his trunk which he unloaded on the American managers. But many good operettas have come. Yet one has yet to come from the foreigners which can even equal Mr. Savage's masterpiece, "The Merry Wiodw."

**Notice to Elks**

The big Elks' Minstrel will take place at the Majestic Theatre on the 18th and 19th of this month. Rehearsals begin Monday night at the Club rooms. All Elks who desire to participate in the show will please be present at first rehearsal.

# DIRECTION OF ELECTRA FIELD

WRITER CALLS ATTENTION TO PREDICTION MADE FIFTEEN MONTHS AGO

## OIL ON OKLAHOMA SIDE

Predicts That Large Field Will Eventually Be Opened Up Just Across Red River.

The Times has received the following:

Fifteen months ago, or to be exact, on November 16, 1911, your writer had the temerity to publish an article in the Wichita Daily Times predicting the direction of the Electra Oil Field would take. In this article your writer stated that "The longer axis of the Electra Oil Field would extend in the same direction as the Wichita mountains on the north," which is approximately N 60 degrees W. S. 60 degrees E. or West-North-West x East-South-East It has been demonstrated by the drill that this prediction was correct, since the extension is exactly with the above directions. Your writer also further stated in said article, as follows: "There is not physical connection between the Electra oil field and those which will be open on the north side of Red River in Oklahoma; i. e. the Electra oil field does not extend north or northeast in Oklahoma, but will extend with its longer axis parallel with Red River." This is the exact wording of the article and has been verified in every particular.

The writer does not mean to say that oil will not be found on the north side of Red River in Oklahoma, but on the contrary it is his expressed opinion that oil does exist on the Oklahoma side, for in this same article the writer said, "I wish to say further that oil will be found on the Oklahoma side of Red River in greater quantities than it is on the Texas side."

It was also predicted in said article that "Other oil pools would be found on the Anticline which extends from Electra to Petrolia, because the Anticline in Texas runs that way, the Red River lying between the Anticline in Texas and the one in Oklahoma."

Continuing in this article the writer said: "The Anticline in Oklahoma is more pronounced and contains larger accumulation of oil. It lies between Red River on the south and Deep Red Run (creek) on the north, and is about 100 miles long. Randlett and Grandfield Oklahoma, are located directly on this last named anticlinal fold."

Now, comes M. J. Munn, official geologist for the U. S. Geological Survey, and after a thorough survey of part of this district he corroborates the above statement by locating a "high" or anticlinal fold near Randlett, Grandfield and Quanah Hill, in Cotton and Tillman counties, Oklahoma.

A special from Washington makes him say: "In township 4 South, Range 12 west some good exposures of Permian sandstone and clay-lime and clay-lime conglomerate suggests strongly that a structural "high" exists a short distance north of the town of Randlett." "It is not possible at thi time to definitely outline this anticline or structural dome, but it seems likely that the crest is situated somewhere in the S. W. 1-4 of Section 21, the S. E 1-4 of Sec. 20, the N. E. 1-4 of Sec. 29 or the N. W. 1-4 of Sec. 28, Township 4, Range 12 W."

The above named tracts adjoin the township of Randlett in Cotton county, (formerly Comanch) Oklahoma.

The report goes on to actually name eight localities in these two counties where oil and gas would likely be found, the center if which localities would be about as follows:

1st. Viz: 3 1-4 miles east of Randlett, Okla.

2nd. Viz: 1-2 mile north of Randlett, Okla.

3rd. 6 miles south and one mile west of Randlett, Oklahoma.

4th. 3 miles west of Randlett, Okla.

5th. 2 miles northwest of Devol, Oklahoma.

6th. 1 mile northeast of Grandfield, Okla.

7th. 4 miles southeast of Grandfield, Okla.

8th. 7 miles west and 1 mile north of Grandfield, Oklahoma.

The report verifies the previous statements which the writer made, not only as to the existance and direction of the trend of the anticlinal fold in Tillman and Cotton counties, Oklahoma, but it also corroborates the possibility of finding oil and gas on this anticlinal fold. Not only this, but Mr. M. J. Munn in his report went so far as to name the sections on which oil would be most likely found.

In summing up, the United States Geological Report says: "In offering these suggestions for the use of drillers in choosing locations for test wells (wild catting) the geologists are assuming that the formations containing the oil-gearing sands in the Electra Burkburnett and Petrolia Oil fields of northern Texas underline adjacent portions of Oklahoma. This assumption is warranted—to some extent at least by the evident continuity of the cutcropping beds from one district to the other. It has been assumed that the formations containing the oil sands in Northern Texas also contain the same or similar oil-bearing sands in outhern Oklahoma. It is quite certain that the general structural conditions are similar in the two areas, and on the whole there seems to be drilling, why portions of Southern Oklahoma do not contain pools of oil and gas in commercial size."

Respectfully Submitted,
W. M. STEPHENSON,
Dallas, Texas

# VACCINATION SCAR IS PASSPORT TO OKLAHOMA

Denison, Texas, Feb. 12.—Can you show a plain scar from a recent vaccination, or have you had the smallpox, and can you prove it?

If not, you cannot go to visit Uncle John in Oklahoma. At least this is the status of affairs while the present regulations are in force.

A man alighted from a train at the Union depot from some point in Texas, and tried to buy a ticket to McAlester, Oklahoma. He was unable to prove his condition as to quarantine regulations, and was directed to the office of a local physician, and advised that a certificate of health showing he had been successfully vaccinated, or had had the smallpox would be necessary before he could proceed.

At the doctor's office he was stripped and examined, the physician finding the marks of smallpox and a scar of vaccination. Getting into his clothes again, the traveler thanked the doctor, and was about to take his departure, when the medico said: "Well, you see, we are not in business here for our health, but for the health of the public, and therefore we feel obliged to make a small charge for our services."

Reluctantly the man paid the small fee required of him, at the same time vowing vengeance on the Katy railroad, the doctors and the entire citizenship of North Texas and Oklahoma.

### HYOMEI INHALER

For Catarrh If You Own One

Then you ought to know that druggists everywhere will hand you a bottle of Booth's HYOMEI for only 50 cents. Pour a few drops of HYOMEI into the inhaler and start this very day to breathe the healing Balsamic vapor and destroy the catarrh germs.

With every package of Booth's HYOMEI comes a little booklet which explains how easy it is to end the misery of catarrh and croup. It is made of Australian eucalytus and contains no harmful drug.

But best of all Foosbee & Lynch ani authorized to refund your money if you are dissatisfied. If you haven't the HYOMEI inhaler ask for the complete outfit, $1.00. Just breathe it—no stomach dosing.

From Constitutional Decline.

So many cases like this are coming to our attention for the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity we publish the following letter: Mr. Richard Rush of Columbus, Ind., says: "I believe I am indebted to the valuable medicinal properties of Vinol for the health of my little son Dale. He had a severe attack of whooping cough and measles, which affected his lungs and general constitution. We tried several other remedies without benefit, then commenced using Vinol and I take pleasure in acknowledging my confidence in its restorative and reconstructive virtues, for my little son is the picture of health now, all due to the use of Vinol."

This is because the child needed the strengthening cod liver elements and the tonic iron that Vinol contains. No oil, delicious taste. Children love it.—We give back your money if Vinol does not do all we claim. Miller Drug Store.

Mothe's Can Safely Buy

Dr. King's New Discovery and give it to the little ones when ailing and suffering with colds, coughs, throat or lung troubles, tastes nice, harmless, once used, always used. Mrs Bruce Crawford, Niagra, Mo., writes: "Dr. King's New Discovery changed our boy from a pale weak sick boy to the picture of health." Always helps. Buy it at all druggists.

# Floral Heights Lots Advance 10 Per Cent March 1st

Regardless of the advance posted by the Floral Heights Realty Company, it's a conceded fact that Floral Heights Lots will show an increasing profit right along due to the rapid development of both the addition and Wichita Falls.

When the buyer stops to think that on three sides of the main residence section of the city, known as the "hill section," is low g round, and that the older hill settled residence districts are priced so as to prohibit the building of anything except expensive homes in keeping with the ground values, he cannot help but be impressed with the fact that all of Floral Heights Addition is good property; that present lot values of $1000 in the best improved portions of Floral Heights are still cheap when compared with closer in residence property at higher prices; that Floral Heights lots anywhere within one or two blocks of car line and this side of Avenue H. are good buys at listed prices, these prices ranging from $200 to $400 a lot; that the completion of the Ball Brothers Fruit Jar Factory will mean an increase of 1000 population in Wichita Falls; that it is seldom the opportunity of a lot buyer to buy a lot in an ad dition with no competitive additions to prolong the day of development and of profit.

Floral Heights has the highest elevation of any residence section in Wichita Falls. The addiiton has relatively a greater number of home builders than any other residence section of Wichita Falls, and the pla ce to invest is where the home builder has blazed the trail.

MONEY SAVED IS MONEY MADE. BUY BEFORE THE ADVANCE AND ADD THAT MUCH TO YOUR PROFIT EARNING CAPACITY.

# MOSLEMS KILL MANY CHRISTIANS

ATROCITIES IN TURKISH WAR ZONE SEEMINGLY WITHOUT LIMIT

## AMERICAN AID IS ASKED

Christian Girls Given to Soldiers as Rewards for Prowress—Life and Honor at Premium

Boston Mass Feb 12—Horrible atrocities prepetrated by the Turks against Christians in the war zone are charged in a letter received here from a Boston girl Olympea A Rossican a Greek by birth now in the Balkans

Tortue rapine and merciless slaughter are abroad through every land where the Moslem hordes crazed by defeat of their arms are swarming to wreak their vengeance on the unarmed infidels writes the girl in an urgent appeal to American missionary societies to bring their influence to the aid of the victims

The letter was wired from Salonica to Brandizzi and mailed from there to Miss Bosdane brother in Allston It is the most definite startling bit of description that so far has escaped the censorship of the Turkish authorities

Today the islands of Asia Minor are what Macedonia was before the war writes the girl In Armenia murder and rapine are in full sway Not a day passes unless some Moslem tribe armed to the teeth attacks some defenseless Christian village Ferocious Arabs Kurds Tartars and Circassians of the far eastern provinces are being armed incited and financed to terrorize Christians

The Moslem refugees from Macedonia were sent to the Asiatic provinces to wreak vengeance upon the Anatolian Christians Every day thousands of Christian petitioners are coming to Constantinople to pray for protection for their wives sisters and daughters These unfortunates are compelled to witness the outrage of their women

The enlightened and progressive Turks rejoice in the fall of the Ottoman arms in the Balkans as sincerely as they have rejoiced in the fall of the red sultan

Thousands of Christian women are still missing and the brutes the young Turks who allow these conditions call themselves the party of union and progress

And this same party of union and progress is threatening the massacre of the Christians in Asia Minor should the allies march into the capital of Turkey

Since the beginning of the Balkan war 20,000 Christians have been killed in Anatolia by the Moslem fanatics

During the Young Turk regime down to the opening of the Balkan war according to the per capital list 15,000 Christians were killed These figures do not include the victims of the infamous Adana massacre

The Moslem hordes are deaf to the appeals of the Christians for justice

The Anatolian regulars, who on horseback are leading the fanatical Moslem mobs towards the Christian districts and carrying as booty scores of Christian maidens are being rewarded as noble knights patriots and the mighty defenders of their faith

Through out all the Asiatic provinces life and honor are at a premium

REAL ESTATE and INSURANCE AGENTS

You always appreciate an expression of good will from your friends, or a pretty bit of sentiment, and they appreciate it from you the same way It's one of the things that makes life worth living, and even a simple reminder now means more than all the flowers you can send or the tribute you can pay after they are gone
The custom of remembering your friends on St. Valentine's Day is growing more popular each year This season we have carefully selected an elaborate stock of valentines at a wide range of prices and if you will only inspect them you will participate in observing the occasion.

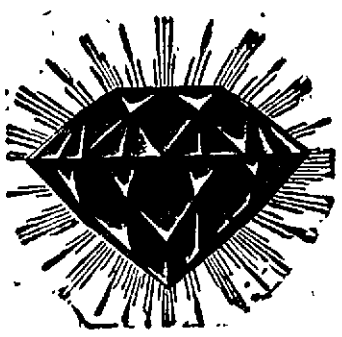
**DIAMONDS**
Will be the big drawing card this week.



We have a number of very fine set stones which are unredeemed and which we have decided to sell this week. The prices on these are very low. On our regular stock we shall continue the discount of ten per cent, and this includes some very choice stones that were bought with the intention of putting into stock after our opening in the new store; by reason of the delay in getting our remodeling done, however, we have decided to offer them right now at the same discount as the other stock.

## O.L MEN MEET COMMISSIONERS

QUESTION OF TEST TAX SUIT TO BE DECIDED AT CONFERENCE

## TO ASK FOR INJUNCTION

Question of Right to Tax Lease Holders Will be Carried to State Supreme Court

The commissioners' court will take up with the attorneys and representatives of the oil companies affected this afternoon the consideration of the proposed injunction suit to restrain the county from the collection of taxes assessed against oil leases

It is understood that a draft of a petition for this injunction is already being prepared and that the injunction proceedings will be instituted within the next five or six days.

The oil companies were permitted to pay the taxes on renditions as made by them with the understanding that injunctions proceedings were to be started early in February to test the validity of the assessments against the leaseholders

According to the agreement this was to be the only question raised in the proceedings Attorneys for the companies have been busy with other matters, and the petition has not yet been filed The commissioners are anxious to have a ruling on the question before the May term of their court so as to avoid a prolonged hearing.

It is the plan to carry the question to the State supreme court with all the expedition possible.

The State Attorney General's Department has promised Judge Felder to give assistance in the case. The county will employ a special attorney to repersent it.

**Nothing Better**
If you have indigestion, no matter how bad, the Rohatsch mineral water will cure you Remember when we deliver water to you, you get a clean vessel that has been scalded, and thoroughly cleaned. We use all precaution against the spread of loathsome diseases. Our cork seal is to prevent others from slobbering or drinking out of the vessel before it has been delivered to you. Remember we have a good clean trade and we are improving our plant to take care of our customers. If you want the best for health we have it G. J. Rohatsch, Prop. Phone 1601. Ring 14. tfc.

Dr. and Mrs R Bolyn have leased and taken possession of the Palace Hotel. Dr. Bolyn will continue his practice and Mrs. Bolyn, assisted by Mrs. Mack Brown will have charge of the hotel.

*A Big Cut in Prices This Week Only. You will have to try One to be Satisfied.*

**GREAT MANY PEOPLE ARE WORRIED**
About the high cost of living and wonder about the cause. We have the answer. Its the increased cost of doing business caused by the service demanded by the public. Now we have no quarrel with you. We believe in good services, at prices that will show a living profit. Good service costs money and is the same proposition with the Grocer as with the Doctor Lawyer, Contractor, Hotel Keeper, or Dressmaker. The better the service the more it costs and the cheaper it is in the long run.
NOW—For those who wish to buy goods without service we have a proposition. We will sell you the goods in the list below at the prices named for cash in our store (Not C. O. D) and will deliver them in the Store, or will deliver at your home, anywhere in the city limits, for a minimum charge of 10 cents up to 200 pounds, up to 500 pounds 15 cents, up to 750 pounds 20 cents and a thousand pounds or over at 25 cents per thousand This will have nothing to do with your regular business and the drayage must be paid whether you buy other goods or not Our regular service (the best we know how to give) will be just the same and free as usual. This is not a lot of junk picked up for the occasion but the regular goods with which we furnish our best trade
